

PALMER ATTACKS PENROSE AS THE FOE OF LABORING MAN

Quotes From Congressional Record to Back Up Charge That Senator Has Opposed Workers' Interests.

FORT ALLEGHENY, Pa., Oct. 15.—Congressman A. Mitchell Palmer, Democratic candidate for United States Senator, speaking here this morning, charged Senator Penrose with favoring, by his vote in Congress, a condition for the laboring man which would be close to slavery.

Mr. Palmer likewise reaffirmed his declaration that he had no intention of withdrawing in favor of Gifford Pinchot. "There is no more likelihood of my withdrawing," he declared, "than there is of Boies Penrose becoming a true representative of Pennsylvania."

The Democratic campaign party arrived here this morning from Coudersport. The tour yesterday covered 185 miles, the record for this campaign. Congressman Palmer was with the speakers only part of this time, as he was detained in Williamsport attending to correspondence.

PALMER'S LABOR RECORD

Secretary of Federation Says It Is "Quite Satisfactory."

WASHINGTON, Oct. 15.—Frank Morrison, secretary of the American Federation of Labor, commenting today on the record of Senator Penrose, said the record is looked upon by organized labor as decidedly unfavorable.

SUFFRAGISTS IN WHIRLWIND CAMPAIGN HERE NEXT WEEK

Six State Organizers Arrive Monday to Appeal for "Votes for Women."

Six state organizers for the suffrage cause, who have been working through Pennsylvania to gain converts, will be in Philadelphia for a week beginning Monday.

Each one will lead a group of women in different districts a day on their canvassing tours, speaking at church day meetings and otherwise helping the regular district leaders to carry on the Philadelphia campaign.

Many of the district leaders plan to have their own homes the headquarters for the day of their district canvass, decorated with flags, banners and "Votes for Women" streamers.

Mrs. George A. Dunning, leader for the 4th District, will rent a store at 1613 Chestnut street, on the first day of the campaign, October 19, with prominent Philadelphia men as speakers at the noonday meeting.

NAMING OF HEISEL SURPRISE

Delaware Democrats Had Not Expected His Appointment to Bench.

WILMINGTON, Del., Oct. 15.—Delaware Democrats expressed surprise today over the fact that Governor Hays had appointed Thomas Hayward Heisel to be a judge of the State Court to succeed Judge Victor B. Woolley.

It had been generally accepted that the contest lay between William T. Lynam, of this city, Attorney General Josiah O. Wolcott, of this city, and Ex-Congressman I. Irving Handy, of Smyrna.

CAMPAIGN IN DELAWARE

Both Parties Resting in Wilmington, But Active in Rest of State.

WILMINGTON, Del., Oct. 15.—An account of Old Home Week the politicians in this city have suspended operations until the celebration is over. In other parts of the State the campaign is being carried on as usual.

Republicans heard encouraging reports when the Republican State Committee held a meeting in Georgetown on Tuesday, and these meetings, in different parts of the State, will be continued during the remainder of the campaign.

While it is admitted that the Progressive party will draw votes from the Republicans, it is believed that the Republicans will draw more than enough votes from the Democrats to counterbalance the defection. Many times in Wilmington are counted on as an argument the Democrats will be unable to meet.

Also the Republicans believe the Progressives will take a considerable number of votes from the Democrats. The Democrats profess confidence in the result of the voting next month, but are reticent in furnishing facts on which they base their claims.

ATTACK WILSON IN JERSEY

Republicans Open Campaign With Big Meeting in Newark.

NEWARK, N. J., Oct. 15.—The Democratic tariff and President Wilson's foreign policies came in for severe criticism at a mass meeting in Krueger Auditorium last night at the opening of the Republican campaign in Essex County.

Representative Julius Kahn, of California, was frequently assailed by the President for his handling of the Mexican situation and other foreign negotiations, was the principal speaker.

Congressman R. Wayne Parker, who is the candidate for Representative in the 8th District, pleading for a return to the prosperity that always marked Republican rule of the country, attacked the tariff bill and the currency law.

BRUMBAUGH MEETS WARM WELCOME IN WESTERN COUNTIES

Republican Candidate Greeted in Mercer and Lawrence—Favors Labor Laws and Promises Good Roads.

MERCER, Pa., Oct. 15.—Crowding into the forenoon a rousing welcome by 500 college students at Grove City College, where nonpolitical talks were made, and a noon-hour mass meeting drawing 100 voters to the courthouse yard here, Dr. Martin G. Brumbaugh and the Republican State campaigner started with a rush today's invasion of Mercer and Lawrence Counties.

"I want your help to bring Pennsylvania to the most advanced ground taken by any State in the Union in remedial legislation," Doctor Brumbaugh told the courthouse crowd, introducing the most fervent plea he has yet made in the interest of a child and women's labor act, a workman's compensation act and other humanitarian legislation.

"I want to work for my salary and I want every other man to do the same. If there are any people now with the public service who are not rendering honest service to the Commonwealth, if you choose me for Governor they will have to go, and we will put that money into roads." He then described the right kind of men to build and superintend the roads in Pennsylvania.

The pledge for local option which Doctor Brumbaugh has made repeatedly throughout his campaign he repeated last night.

"There are those," he said, "who have chosen deliberately to misrepresent my position as a great moral question. I am in favor of local option, county by county, and I shall stand on that platform to the end. I would be false to the statement of my principles if I did not make myself clear on that question or other moral proposition to the people of Pennsylvania."

At Butler, where Doctor Brumbaugh spoke last night, the road question also had a prominent place in his address.

DEMOCRATS BACK "DRYS" IN A NEW JERSEY TOWN

Anti-Saloon Workers in Pleasantville Aided by Second District Committee.

ATLANTIC CITY, N. J., Oct. 15.—John Barleycorn has been made a political issue in the Second Congressional District by the action of the Democratic Campaign Committee in embracing the cause of anti-saloonists in Pleasantville, where temperance folk are waging a spectacular battle to keep the right of sale.

Enthusiasm swept the crusaders' ranks last night, when Postmaster William E. Loudenslager, of this city, campaign manager for Representative J. Thompson, and J. M. Johnson, Democratic nominee for Sheriff, visited a "saloonless town" rally and gave the temperance cause hearty endorsement.

The movement for prohibition men asserted today, committed the Democratic district organization to the local option movement. Republican leaders who have been actively taking any state in the Pleasantville fight declare the Democratic move amounts to a sacrifice of the county ticket in the hope of winning anti-liquor support for Congressman Baker.

BRUMBAUGH'S OLD NEIGHBOR SENDS HIM A HORSESHOE

For Good Luck, Health and Cheer. Porto Rican Send Praise.

A miniature horseshoe as an emblem of good luck was received at the headquarters of the Brumbaugh Citizens' Committee this morning from Charles Gorschuch, of this city, Blair County, Pennsylvania, without fail today.

The donor, who was once a neighbor of Doctor Brumbaugh, stated in a letter accompanying the gift that the horseshoe was hand-forged and that his thought in sending it was that it would bring good luck, good health and good cheer to the Republican nominee for Governor.

William Walters Champion, of Williamsport, who, in 1912 with a party of Pennsylvanians, visited Porto Rico to study educational conditions there, has written to the committee, telling of the high esteem in which the natives there hold Doctor Brumbaugh for his work among them as Education Commissioner.

The letter said: "The natives were proud and all most enthusiastic in their praise of Doctor Brumbaugh. Knowing him personally, as did all our little party, we came away feeling that at least one American, and that one a native of Pennsylvania, had made good with these new-born Americans; and that so long as education was held in esteem, the public schools of Porto Rico would be his lasting monument with its foundation deep-laid in the hearts of 1,500,000 people."

MORENO, OF ARGENTINE NAVY, ON TRIAL TRIP

\$11,000,000 Battleship Sails for Test Off New England Coast.

The battleship Moreno, built for the Argentine Republic, sailed from the New York Ship Building Company, in Camden, today for a trial trip along the testway off the New England coast.

The battleship has the record for size at the Camden shipyard, and also will carry a record crew for a test trial. Seven hundred men will man the ship. Two hundred more will be taken on at Brooklyn. There may be guests also.

Captain Kemp, of the Fore River Ship Building Company, was at the wheel when the vessel started down town. The Moreno will stop long enough at Brooklyn to have a new propeller fitted. Then she will be joined by more guests who are enthusiastic over a big navy for South America.

The Moreno was launched September 23, 1911, and was named by the wife of Rear Admiral Betherder, of the Argentine navy. The warship is nearly 600 feet long, has a displacement of 28 feet and can travel at the rate of 23 1/2 knots an hour.

In six turns the ship will carry 12-inch guns. Twenty-five-inch guns comprise the second battery. There are places for a number of rapid-fire guns of small calibre all over the ship. To be properly manned the ship will have to carry 1800 men.

The battleship, one of the finest, cost the Argentine Government \$11,000,000. It has also been expensive to other concerns. The Fore River Company originally started to build the craft and then subcontracted to the New York Company.

During the last few years the Argentine Republic has ordered 12 torpedo boats. She divided the order between Germany, France and the United States.

The injured man was rushed to the hospital in an automobile owned by Jackson Kemper, 387 North 25th street.

The trial was held today under \$500 bail for a further hearing by Magistrate Boyle in the 39th street and Lancaster avenue police station, pending the result of the victim's injuries.

WOMAN WHO TOOK POISON BY MISTAKE IMPROVING

Physicians Say Victim Will Recover From Illness.

Prompt medical attention will probably save the life of Mrs. Annie Breesting, who took poison tablets in mistake for headache medicine. She is in St. Joseph's Hospital. Though dangerous, her condition is improving and physicians say she will recover.

Mrs. Breesting had a severe headache last night and walked in the dark to a medicine cabinet, from which she took what she thought were aspirin tablets. She swallowed two of them and returned to sleep. A few minutes later she was shocked to find she had taken poison. She called her husband, who telephoned for an ambulance, and Mrs. Breesting was taken to St. Joseph's. Physicians said that a delay of an hour longer would have been fatal.

HAPPY DAY IN COURT

Magistrate Penneck Has Birthday and Prisoners Get Off Easy.

Prisoners at the Germantown police station were glad that Magistrate Evan T. Penneck was 28 years old today. When he reached his office this morning his desk was covered with flowers, and there was an atmosphere of peace and happiness about the place. Many congratulations came in the mail.

When the regulars were lined up before him, the Magistrate viewed them with a friendly eye. None was burdened with a serious charge and the worst of the lot was a boy who stole a few potatoes because he was hungry. He and the others were discharged. Magistrate Penneck is the youngest member of the minor judiciary in this city.

PENROSE OPPOSED BY LABOR LEADERS ON SENATE RECORD

Federation, Which Is Friendly to Dr. Brumbaugh, Finds Liquor Candidate Fought Workmen's Interests.

WASHINGTON, Oct. 15.—Boies Penrose, Republican nominee for the Senate in Pennsylvania, is opposed by the American Federation of Labor.

His record in the Senate since January 10, 1907, is being forwarded by Samuel Gompers, president of the Federation, to every organized labor man in Pennsylvania. On 27 votes in the Senate in which organized labor was vitally interested Mr. Penrose is recorded as voting twice in favor of labor, seven times in opposition, and on 19 occasions as "not voting."

In the gubernatorial contest in Pennsylvania the Federation will not take a stand in opposition to either Doctor Brumbaugh, Republican nominee, or Vance C. McCormick, the Democratic and Washington party candidate.

Secretary Frank Morrison says the Federation of Labor will confine its political activity to the senatorial and congressional candidates. It is understood here, however, that the record of Doctor Brumbaugh is satisfactory to labor leaders residing outside of Pennsylvania.

After President Taft had disapproved of the immigration bill because of the literacy test, which was favored by the American Federation of Labor, Senator Penrose voted to pass the bill over the President's veto. On another occasion, when the late Senator Heyburn objected to revising in the Senate a petition from Samuel Gompers, Senator Penrose voted to receive the petition.
